IDPA Match Pit 2

Stage 1: Pit 2: “Attack at the Mall”

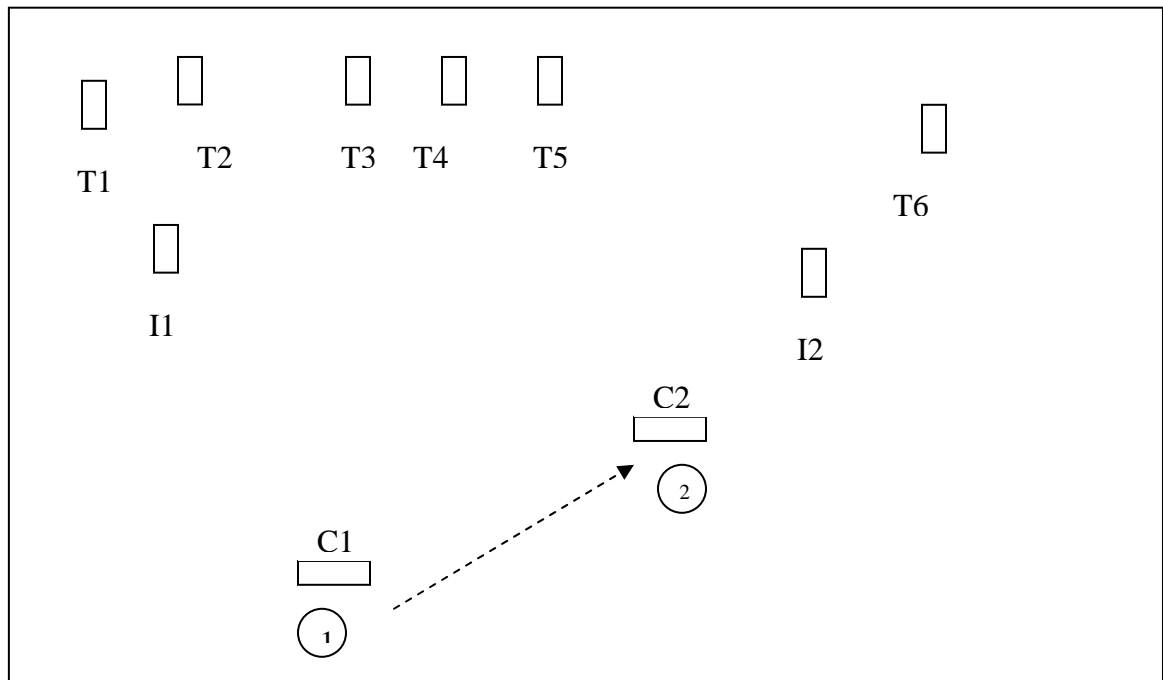

Scenario:

You are at the mall at the ATM. On the buzzer, you hear people screaming from in front of you to the left and right. They are yelling “Help, they’re terrorists!” You must neutralize all the terrorists without hitting any innocents.

Layout:

Threats 1 thru 7: IDPA Standard Target (with threat indicators – guns)

Non-Threat 1 and 2: IDPA Standard Target (with hands)

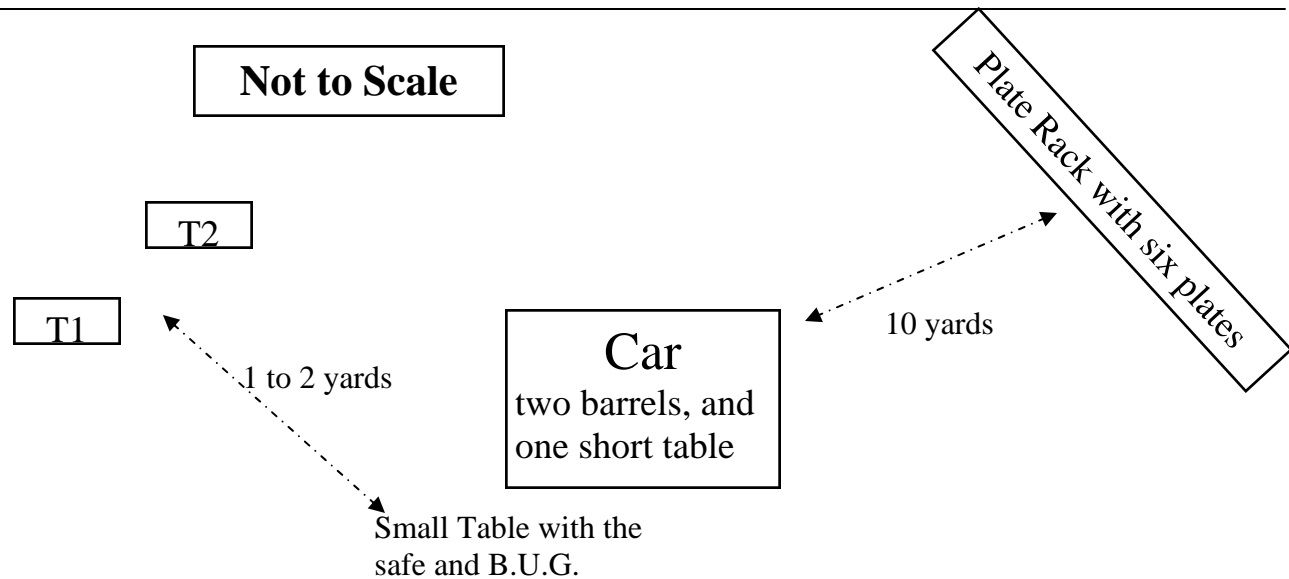

String 1:

- Start at Position 1, arms neutrally at side, with firearm concealed. Shooter will start with an ATM card in their hand touching the side of the cover (ATM machine).
- From left side of cover C1 (ATM Machine), engage T1 and T2 with at least 2 shots each.
- Behind cover C1, conduct a Reload with Retention or a Tactical Reload
- While moving from Position 1 to Position 2, engage T3, T4, and T5 with at least 2 shots each.
- From right side of cover C2, engage T6 with at least 2 shots.

Scoring:

- Score IDPA targets as usual (Vickers Count)
- Procedural penalties for shooting from wrong side of cover, not engaging T3-T5 on the move, or an improper reload.
- Score penalties for hits on non-threats per rules.
- Score penalties for Failure to Neutralize (only 1 hit in -3 zone, or no hits)

Back Berm

B.U.G. Stage

Load out:

- Carry gun with one magazine loaded with five (5) rounds
- Back Up Gun with five (5) rounds in the safe on the small table

Action:

At the buzzer, shooter engages the plate rack with five (5) rounds; at slide lock the gun experiences a malfunction and shooter transitions to their Back Up Gun from the safe on the table. With the B.U.G engage T1 and T2 with two rounds, then the remaining plate with the last round in the B.U.G.

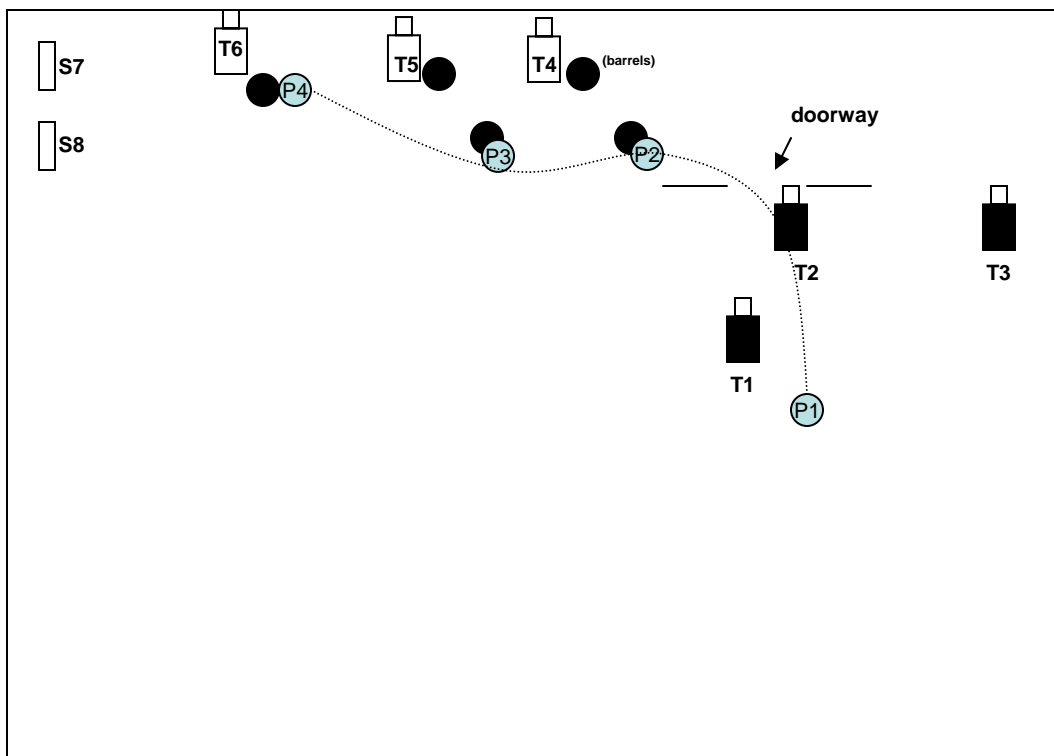

Scoring:

Limited Vickers; T1 and T2 are scored as hit and the plates are either down zero or down five.

Bay 4 - Attack at the bank

You are at your local bank when 3 terrorists wearing body armor enter, shoot the guard and begin to round up the customers as hostages. You have seconds to make your escape before they secure the bank and the rest of the terrorists still on the street enter.

The timer will be set to beep 5 seconds after the start signal. You have that long to neutralize the threats in the bank with head shots and exit to "the street". If you do not exit the bank in time you will be assessed a failure to neutralize penalty (the terrorists have recovered from their surprise and have shot you) Once in the street use cover to work your way to safety at your own pace. Scoring is Vickers (best 2). Failure to neutralize penalties will be given for targets without at least one hit down one or better.

Course of Fire

On the start command, engage T1-T3 with head shots as you make your way to and out the door to low cover at P2. You have 5 seconds (indicated with a beep from the timer) to get through the door.

Around cover at P2, Engage T4. Move to P3

Around cover at P3, Engage T5 . Move to P4

As you approach P4 , engage T6 and take cover behind the barrel

Around cover at P4, drop steel targets S7 and S8 to end the stage.

Course Setup

Set up timer in par mode with 5 seconds to provide time limit signal for passing the doorway

Targets 4,5, are close to barrels such that they are seen only after reaching cover positions.

Target 6 is low and close behind the last barrel such that it is visible to shooter after getting near barrel.
