 Course Layout.

Not To Scale.

Pelham Fish and Game Stage 4

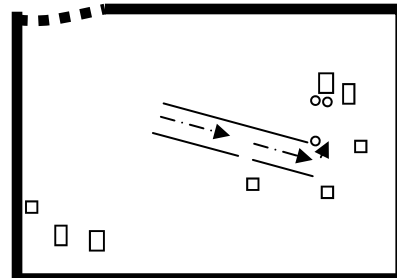

“We Interrupt this Program...”

Course description, rationale and instructions.

Materials: 4 Targets, 2 Pepper Poppers, 6 Barrels, 1 Turning Target, 1 Swinging Target, 2 Tires, Wall Barricades.

String 1: Start at position 1 gun in holster under cover garment, at the buzzer draw and neutralize **Target T1**, drop **Pepper Popper T2** to activate and neutralize **Turning Target T3**.

String 2: Start at position 2 in a low ready position. At the sound of the buzzer proceed down the hallway identifying targets **T4**, **T5**, and **T6**. At the end of the hallway the shooter will then use cover to drop **Pepper Popper T7** to activate and neutralize **Swinging Target T8**.

Round Count: 14 rounds minimum, 6 rounds per movement.

Scoring: Vickers, best two rounds per target, poppers are scored if dropped, elongated bullet holes (2 times the width of the bullet) are scored as misses on **Turning Target T3**.

Course of Fire:

While in your kitchen watching your favorite cooking show, three armed men (**T1**, **T2**, **T3**) enter from the back door, engage and neutralize all three for **String 1**. **String 2** begins with a person screaming (sound of the buzzer) from down the hallway. Proceed down the hallway identifying targets (**T4**, **T5**, **T6**), one target will be a non-threat target, on the way to the front room. At the **Double Stack Barrels**, **Pepper Popper T7** enters through the front door, when **T7** is neutralized **Swinging Target T8** engages the shooter with fire from outside the front door.

Variations: **Unclassified** shooters start String 1 facing **Pepper Popper T2**, **Marksmen** and **Sharpshooters** start String 1 facing **Pepper Popper T2**, **Expert** and **Master** shooters start String 1 facing **Pepper Popper T2**, away from **Pepper Popper T2**.

All Shooters Start Facing T2.

Use of Cover:

Unclassified shooters can use cover when necessary, but do not penalize if not used properly. **Marksmen** and **Sharpshooters** are expected to use cover when necessary, but do not penalize for **Pepper Popper T7** and **Swinging Target T8**. **Expert** and **Master** shooters can use cover when necessary, but do not penalize for **Pepper Popper T7** and **Swinging Target T8**. If the shooter is exposed to both **T5** and **T6** at the same time a cover penalty is assessed.

All Shooters Get One Cover Call.

Rationale for Variations and Use of Cover penalties:

Unclassified shooters are still learning the sport where the main focus needs to be on shooting safely and returning to matches and practices. **Marksmen** and **Sharpshooters** are expected to know how to use cover from behind barrels and other barricades, whereas **Expert** and **Master** shooters are expected to be aware of cover and exposure 95 to 100% of the time.

Notes for Safety Officers and Score Keepers:

- Identify the shooters' classification prior to the beginning of String 1 and start in the appropriate position.
- Please ensure that Turning Target T3 is aligned correctly to the starting position, bladed towards a person standing at the start position.
- Please do not crowd the shooter.
- Switch up the non-threat between T4—T6 for different shooters.
